

Adapter for Mauser M12 synthetic stocks

NEOPOD

HUNTING BIPOD

In this  NeoPod
training session,
YOU'LL LEARN:

How to mount the Mauser M12 adapter

FOR NEOPOD ULTRALIGHT
HUNTING BIPOD

The result:

1. Separate the stock from the action

2. Unscrew the factory installed sling swivel stud

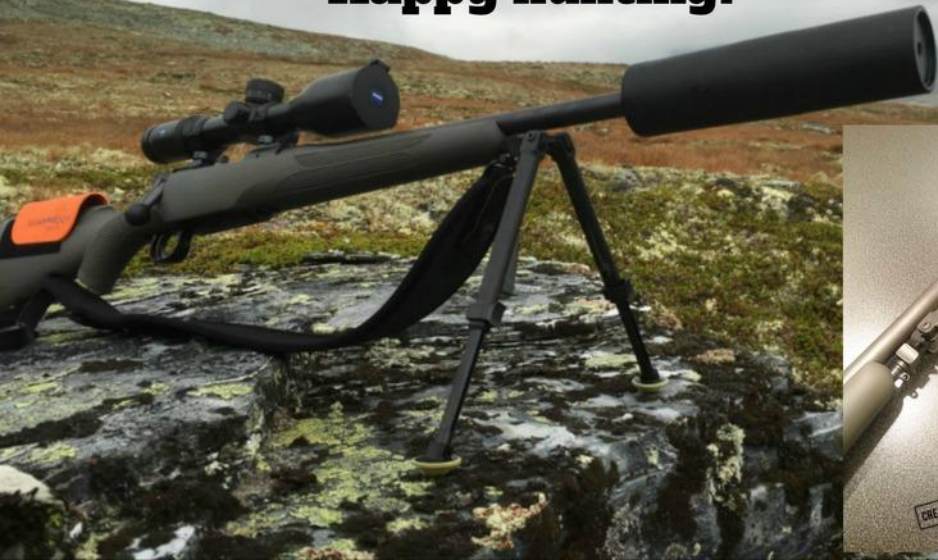

3. Insert the NeoPod adapter and tighten the supplied M4 screw

4. Make sure it looks like this before you reassemble the gun

Happy hunting!
